

Dear Teachers,

The TAMUK School of Music is delighted to announce the return of our ***Music Major for a Day*** event, Wednesday, October 29th from 9 am-3:30 pm!

**Who this day is for:**

- **High school students who have expressed an interest in majoring in music in college**
- **High school students interested in careers in music**

This is a **FREE event** packed full of exploring the opportunities that music majors experience. Students have the chance to attend mini-sessions on conducting, music theory, elementary music, audio recording technology, improvisation, and performance anxiety, as well as the opportunity to hear performances by TAMUK students and faculty, and they are able to perform themselves in rehearsals with TAMUK ensembles. They will also find out about admissions and auditions processes.

We will provide:

- light refreshments at a meet and greet with SOM faculty in the morning,
- lunch for all registered students,
- swag and prizes!

We would love to have you and your students that are strongly interested in majoring in music on our campus for this exciting day.

If you plan to bring a group of students, please submit the attached spreadsheet by **Wednesday, Friday October 24th** to [Elizabeth.janzen@tamuk.edu](mailto:Elizabeth.janzen@tamuk.edu). On the spreadsheet, you only need to fill out the first 6 columns once, but we do need the specific information on each of your students that will be attending. If you have just one or two students that would be coming alone, (such as using a senior day), they can fill out this google form, instead of you filling out the attached spreadsheet.
